Advanced Dental Centre Pty Ltd requires payment of your account in full at the time of treatment and may charge an appointment cancellation fee if 24 hours notice is not given. During dental treatment, there is a small risk of patients swallowing or inhaling a foreign body. This is because of the difficulty in handling small instruments and other objects while working in the restricted area of the mouth, coupled with being treated while lying back. If a small object is swallowed or inhaled radiographs and surgery may be required to remove the object safely. As I am seeking private treatment, I understand that payment of the account is my responsibility. I undertake to pay any additional expenses incurred in recovering overdue accounts. (If patient under 18 years, person financially responsible to sign below).
